

# BUYELA RESTORATION

LOVE GOD  LOVE PEOPLE

## To our dear friends and family

With this newsletter, we would like to give you an insight into the last quarter of 2025 and, at the same time, close this year together with you. We look back on a season marked by challenges, deep gratitude, and renewed hope.

The year began somewhat unsteadily for us. Without our own means of transportation, it was initially not possible to carry out our regular programs as usual. This situation confronted us with practical and organizational challenges. At the same time, we are very grateful that new doors opened during this period and that we were able to embrace other opportunities..

Christmas Celebration 2025

## Neue Partnerschaften und wertvolle Zusammenarbeit

Even without a vehicle, we were able to enter into new partnerships. Through our cooperation with the Mustard Seed Christian Academy and Gracepoint Church, we were able to serve actively in worship and lead leadership training

LOVE GOD  LOVE PEOPLE

workshops. These partnerships were a great encouragement to us and enriched our work in meaningful ways.

## A vehicle – new opportunities for our work

After several months, we were richly blessed: thanks to generous donations, it became possible to purchase a vehicle. This enabled us to resume our regular programs in the Greenspark Community. We are especially grateful for the opportunity to continue accompanying children through leadership workshops and Bible studies and to witness their personal growth.

## Youth camp – different than planned

In the third quarter, we had hoped to take our youth on a camp outside the community. Unfortunately, this was not possible. Instead, we decided to hold several day camps at our local facilities in Greenspark. Even though this was not what we had originally planned, these days were valuable and strengthening. For the coming year, we hope for better participation and new opportunities.

## Christmas Celebration 2025

In the final quarter, we traditionally end the year with a Christmas celebration for the children. This time is always very special to us: playing together, sharing meals, and simply enjoying community. This year, too, it was a beautiful conclusion to the year, full of joy and warmth.

## Why this newsletter contains only a few photos

You may have noticed that this newsletter intentionally contains only a few photos. The reason for this is the protection of the children and young people we work with. At present, many parents—and the children themselves—are experiencing great fear, as there have been repeated cases of child abductions, and in some instances photos of the children were taken beforehand.

In order to provide the children and young people with the greatest possible sense of safety and protection, we have decided to take and publish as few photos as possible at this time. Any photos in which faces are visible were used only with the explicit consent of those involved, and it was clearly explained how and for what purpose the images would be used. The safety and well-being of the children entrusted to us are our highest priority, and we sincerely thank you for your understanding.

## Vision 2026

As we look toward the coming year, we carry a strong desire in our hearts to continue growing and to develop our work sustainably. To do so, it is necessary

to expand our team and strengthen existing structures. Specifically, we need increased financial support—especially consistent, regular donations—in order to employ our two main leaders on a permanent basis. In addition, we would love to be able to employ another person on a part-time support basis so that we can continue to grow and respond to the increasing needs of the work. For 2026, we also hope to establish new partnerships with additional schools in order to reach even more children and young people. International volunteers are also very important to us, as they bring fresh perspectives, new gifts, and valuable support to our work. We trust that God is preparing this path and will lead us step by step into growth.

## Thank you

As we close, we would like to thank you from the bottom of our hearts. Your prayers, support, and connection mean more to us than words can express. We are deeply grateful for every single person who walks this journey with us, and we pray that the Lord will bless and keep you. Thank you for being part of this story.

## Donations and Support

Buyela Restoration depends on the generosity of people who want to support the organization's vision and projects. We need prayer support so that God opens doors for us to reach people's hearts and proclaim the good news, and that the projects may grow under God's protection.

But we also need financial support to make these visions a reality. We are thankful for your help.
